

Skin Treatments with Sally

Your first step is to book a consultation for us to design a program that best suited for you & your skin

Consultation (credited to your treatment when booked)	30mins	R500
Deep Cleanse Hydrating Facial	45mins	R500

Skin Peels ideal spacing every 4-6 weeks

We offer a selection of peeling systems. In our consultation we will select a peeling system that is best suit for your skin concerns. Depending on the peel selected for you, you may experience physical flaking or micro- flaking.

Skin peels with no to mild flaking

Lacti-firm 90/10 is ideal for anyone wanting to address the firmness, hydration, pigmentation and texture of the skin.

Beta peel is ideal for all skin conditions; pigmentation, melasma, congested, photoaged while causing the least inflammatory response on the skin. Recovery time 1- 3 days.

Peel only	30mins	R 500
Peel including mask	45mins	R 630

Skin Peels with visible flaking, ideal 3-4 times a year

Retistore is your fresh start peel – it removes multiply layers of skin along with epidermal pigmentation, fine lines and sallow skin, while encouraging turbo cell renewal from the basal layer of the epidermis. Recovery time on a Retistore peel is \pm 5 days

Retistore	45mins	R850
Retistore Plus	45mins	R950

Other areas:

Hand treatment peel	20mins	R500
In conjunction with a facial peel		add R250
